

Labyrinth Game Rules

1. Each team has 2–5 players moving together at all times from one place to another.
2. Each place is designated by a number, point in the map, and a description.
3. There is a question with four possible answers leading to another places. The correct answer brings you closer to the finish.
4. Please, do not google the answers; try to guess them instead. Correct answers will be given to you when you finish.
5. Please, do not read questions related to other places than to those where you were sent to.
6. We recommend you to log your progress in the game by drawing a graph.
7. Enjoy the game.
